

MVA VISION SCREENING

MVA Vision Screening Form – (\$15 Charge) – In order for our office to complete this form, patients must have an up-to-date eye exam (*within the last 24 months*) with our office.

If your eye exam was within the last 24 months and have a form you would like us to fill out, please drop it off at the office and we will call you when it is ready to be picked up.

If it has been more than 24 months since your last eye exam with us, please contact our office to schedule an eye exam at 410-757-2778. Bring your form to your appointment and we will fill it out after your exam.

Dr. Kollias is an authorized online vision certification provider. If you would like to renew your license online, it may take our office up to 5 business days to submit your information to the MVA website and another 24 hours for the MVA to process it.
